

Welcome! You are invited by the City of Seattle's Department of Transportation to participate in the second Community Open House for the Fremont Bridge Approach Replacement Project.

Purpose:
 Tonight's meeting provides information on the project's current status and upcoming milestones. This is also an opportunity to share with you how public comments received thus far have shaped planned improvements (such as construction phasing process and bicycle & intersection improvements). Please feel free to speak with project staff, ask questions and provide comments.
